IANPHI STRATEGIC ACTION PLAN 2022-2025

IANPHI Members and Partners only
Five strategic priorities:

**SP1:** Strengthen the professional relationships within IANPHI’s unique global forum

**SP2:** Harness the collective expertise of members to develop public health capacity globally

**SP3:** Engage, support and grow IANPHI’s diverse and unified membership base

**SP4:** Advocate globally and at country level for NPHI’s as key public health actors

**SP5:** Build an agile association that supports members through change

Discussions with external partners
Expand activities associated with developing and strengthening National Public Health Institutes (NPHIs)

- generating and disseminating evidence and knowledge, building the collective intelligence of members and external partners
- growing outcome-based activity through strengthened partnerships.
The priorities reflect IANPHI’s role with its members:

- A network of experts to develop NPHI capacity
- A unified voice promoting NPHIs
- Provision of a unique global forum to develop lasting relationships
- A wealth of public health experience from across the globe
- An agile network that can accompany its members through change
And the activities

- Create a thriving community where peer interaction, research and collaboration develop shared knowledge and evidence into practice.
- Support NPHI’s with tools to address issues e.g. health inequalities and inequities through a whole system approach.
- Build a new generation of public health leaders to take forward the mission and vision of the association.
- Impact global health issues through the collective intelligence of national public health institutes.
- Build and strengthen NPHI’s position and capabilities and support impact on public health outcomes.
• Core to IANPHI’s mission is supporting NPHI’s to develop and strengthen their Institutes using tools including a maturity model that reflects the framework for *Essential Public Health Functions*¹

• This continues to be the key driver for supporting IANPHI’s diverse membership to achieve the best health outcomes for the populations they serve and to increase their global reach and impact.
