

ASPHER

The Association of Schools of Public Health
in the European Region

IANPHI Europe Network Annual Meeting
Oslo, Norway – October 8-9, 2025

ASPHER is a non-profit membership organisation of schools and programmes of public health from across the WHO European Region.

Founded in 1966, the Association currently has over 130 members in over 40 countries in Europe (reaching out to ca. 200 training sites).

Founding and active member of GNAPH.

Key partnerships with IANPHI and EUPHA.

ASPHER is the key independent European organisation dedicated to improving and protecting the public health by strengthening education and training of public health professionals for both practice and research.

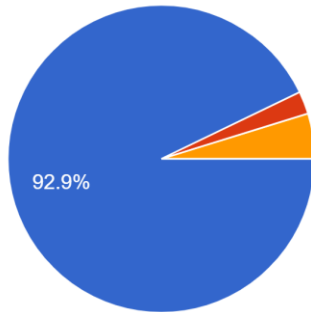

To support the **professionalisation of the public health workforce** in Europe

To sustain **capacity building in public health** ... supported by best standards of public health education and training, scientific research, and practice.

Membership Consultation 2025

Does your institution collaborate with your country National Institute of Public Health (or equivalent body)?

Association of Schools of Public Health in the European Region (ASPHER) 2018

ASPHER

The Association of Schools of Public Health in the European Region (ASPHER) is the key independent European organisation dedicated to strengthening the role of public health by improving education and training of public health professionals for both practice and research. ASPHER is a membership organisation of institutions spread across EU and wider across the WHO European Region, which are concerned collectively with public health research and the education and training, and professionalism, of those entering and working within the public health workforce.
